

Pill Bottle Collection

Tired of throwing away your pill bottles? Matthew 25: Ministries collaborates to reuse bottles in developing countries who cannot always provide safe packaging for their medications.

Bring your **empty, clean,** bottles **with lids** to the Club Room or Clinic!

This relief organization accepts:

- Prescription and over-the-counter pill bottles
- Large and small pill bottles
- Pill bottles with and without child-resistant caps

Preparation Guidelines:

1. Remove all labels, leaving no glue or residue (soak in hot soapy water, or boil in a pot of water, or microwave for ~6 or 7 seconds. Take care with very thin-walled see-through bottles, such as allergy pill bottles, which might melt or become misshapen).
2. Remove remaining glue and residue with lemon oil or Goo-Gone.
3. Wash all bottles and lids in very hot water and dish soap, rinse, and dry thoroughly.

If you want to contribute, but for any reason cannot prepare the bottles, Lana is willing to help and can be reached at lana.bryan@gmail.com or 408-712-3834.
