

Rose Villa Ready Force First Responder Kit

IMPORTANT:

- This is a **Standard Rose Villa Ready Force First Responder Kit**, customized to meet the needs of first responders to a **campus-wide disaster**. i.e. earthquake, floods, excessive heat or extended icy conditions. It is not intended for day-to-day injuries. This kit is **NOT FOR INDIVIDUAL USE**.
- **DO NOT** add your personal supplies to the Ready Force kit. All kits should remain identical in contents and arrangement.
- Keep personal first aid supplies in a separate bag from the Ready Force First Responder Kit. Your personal supplies including masks, gloves, and supplies should be kept completely separate.
- **DO NOT** rearrange the supplies. All kits are assembled to be unified in arrangement so no matter which kit is used they will all be the same and Ready Force Responders can locate any item quickly.
