Boating & Kayaking
Hunting & Fishing

Picnics
Ice Block
ATV/Pack
Ammo Storage
Document Storage
Horse Storage Pack

Multi-Purpose Storage

Outdoor Activity

Emergency Preparedness

Pet Food Storage

72 HOUR KIT

Emergency water storage for 1 person

SECURE STORAGE

Airtight, leakproof and crushproof

DURABLE

BPA Free, high density plastic, and UV resistant

PORTABLE

2 Integrated handles, useful strap down grooves on sides

HOW TO USE

PREPARE CONTAINERS

Rinse with warm water
Let air dry

Note: You can rinse with a light soap or disinfectant if you want, but it is not necessary.

LONG TERM STORAGE

WATER

3 Gal. / 11.35 Ltrs.

- ◆ Make sure each cap has a seal in it
- ◆ Leave 1" space from cap. If freezing, leave 3".
- ◆ Hand tighten cap and lay brick on its side to test for leaking (30 min)
- ◆ Stack and store

Note: Bricks can be stacked 6-7 high. Never store water directly on cement. Place a wood barrier (like plywood) down first, then stack bricks on top.

FOOD

20lbs. / 9 Kg.

- ◆ Store dry goods like rice, beans, oats, sugar, pasta, etc.
- ◆ Store in a cool, dry place inside your home. Do not store food in a garage or a place where the temperature may fluctuate.
